## Declaration:

I shall be glad to give you any further information regarding my education, family background, interests or as desired. Thank you for your cordial consideration. I look forward to hear you.

**VIKAS KUMAR**

## Projects

### 2. Asset Management 365

Description:

- Spearheaded the development of a robust **Asset Management System** using **React.js**, tailored to meet the specific needs of a client.
- Employed the **SharePoint Framework (SPFx)** for seamless integration with SharePoint, providing a centralized platform for asset tracking and management.
- Implemented features such as barcode scanning and QR code generation to streamline asset identification and tracking processes.

Technologies Used:

- **React.js, SharePoint Framework (SPFx), SharePoint Lists, RESTful APIs, Barcode Scanning**

Impact:

- Customized forms to align with the client's unique workflow, reducing manual data entry errors and improving data integrity.
- Received positive feedback from the client for the system's flexibility, ease of use, and the ability to adapt to evolving business needs.

### 3. Wordpress Projects

Description:

- **WordPress Development:** Extensive experience in developing custom **WordPress themes** and **plugins** to meet specific project needs. Proficient in leveraging the power of **HTML, CSS, and JavaScript** to create dynamic and interactive websites.
- **Theme Customization:** Skilled in customizing existing WordPress themes to align with client branding and design preferences. Ensures seamless integration of design elements and functionality for a cohesive user experience.
- **Responsive Design:** Expertise in creating responsive and mobile-friendly websites, ensuring optimal performance across various devices and screen sizes.
- **E-commerce Solutions:** Specialized in building e-commerce platforms using popular plugins like **WooCommerce**. Successfully implemented secure payment gateways and optimized online shopping experiences.
